

SatFONE.watch

This smartwatch combines tried-and-tested safety features with health monitoring, packaged in a stylish design. In addition to GPS tracking, SOS alarm, drop alarm, geo-fence alarm, two-way communication and Bluetooth, the owner can keep an eye on their health at the same time. In an emergency, the user can send an emergency call to a selected contact. If the user leaves a defined safe area, an alarm is automatically sent to the desired device to indicate the potential danger.

Technical data

-  | 65 g
-  | 47,5 x 16,9 mm
-  | Rainproof, protected against splashing water (IPX7)
-  | 3.7V, 580mAh built-in lithium battery
