

## SatLOCK.seal

### Features

-  | 1250 g
-  | 142 mm x 91 mm x 49 mm
-  | -20 °C~+70 °C
-  | Li-battery: 14400MA; Voltage: 3.6-4.2V
-  | Wasserfest IP67

The SatLOCK.seal combines state-of-the-art technology and robust construction to protect your most valuable goods. The robust construction and strong steel cable offers high burglar resistance. The GPS tracker also offers reliable monitoring, as it provides you with real-time information on the position and status of the device itself, such as battery level, open/closed status and tamper alarm. The SatLOCK.seal is therefore ideal for anyone looking for a mobile and robust security solution.

### Advantages

- Long battery life: Thanks to the large battery, the G508N is ideal for long-term use and minimizes the need for frequent recharging.
- GPS tracking: With the integrated GPS function, you can monitor the location of your secured items in real time - perfect for protecting transported goods or storage units.
- Steel wire rope: The high-quality steel wire rope is flexible yet extremely robust, ideal for use on containers, trailers, bicycles, warehouses or other valuable objects.
- Smart technology: Control and monitoring are conveniently carried out using an RFID card or remotely via a web portal. You can receive notifications via our web portal when the lock is opened or moved.

## Appearance

## Technical Data

<b>Battery</b>	Li-battery:14400MA Voltage:3.6-4.2V;
<b>Working temperature</b>	-20°C to 70°C
<b>Waterproof grade</b>	IP67
<b>Storage</b>	2M Flash , >8000 blind spot data stored
<b>Communication</b>	RFID keycard lock/unlock; Frequency:13.56MHZ; Standard:ISO14443A 4G LTE Support LTE-FDD,LTE-TDD,WCDMA,GSM (Optional) Support GPRS band 850/900/1800/1900MHZ, JT808 standard protocol Support Bluetooth 4.0 and SMS
<b>Positioning</b>	GPS/BDS, accuracy<10 meters
<b>Display</b>	0.96-inch OLED screen
<b>Lock/Unlock</b>	Support RFID keycard, SMS ,web-platform, Bluetooth
<b>Alarms</b>	Low battery alarm and low energy dormancy protection mode Anti-break alarm and Anti-cut alarm
